

Just
Like You!

JUST LIKE YOU! The "Just Like You!" campaign, sponsored by the Garrett County Community Action, GC Board of Education, and the GC Health Department, celebrates parents like Lorie Schrock, who works to be a positive role model for her daughter Payton to teach her the importance of work ethics. Payton is pictured as she tries her hand at grooming a horse. "Kids follow your example because they want to be just like you," a campaign spokesperson said. "Be a positive role model and show your child how to accomplish chores. Show him or her how to take care of pets, pick up toys, set the table, hang up coats, put laundry in hampers, or make beds. Open the world of responsibility!" For more information about the six-month-long Just Like You! positive role modeling campaign, and for ideas on how to model healthy behaviors with one's child, persons may go to Copy-Cats.com. Children can earn points and win prizes while becoming healthier at the same time, the spokesperson said.
