

Garrett County Community Action receives computer donations

Submitted photo

The Garrett County Commission on Aging and First United Bank recently donated computers for seniors to use at Garrett County Community Action senior centers and nutrition sites. Pictured from left are Barbara Sweitzer, president of the Commission on Aging, presenting a computer to Pam Hageman, director of aging and nutrition for Garrett County Community Action. Community Action staff members noted that they appreciate the generosity of the Commission on Aging and the staff of First United Bank.
